Wildlife Resources

Watercraft Inspections and Decontaminations
by Year

KANAB INSPECTION STATION

- Using FY21 one-time appropriation, DWR purchased a land parcel outside Kanab
- Site improvements planned for fall/winter
- Operational in spring 2022
- Interdiction of boats coming from AZ and AZ launch ramps at Lake Powell

PORT PASSPORT PILOT PROGRAM

- Automated collection of bow # by cameras at Lake Powell
- Integration with regional watercraft inspection database
- Benefits:
 - records of after-hour boats at Lake Powell
 - automatic notification when boats are documented at other locations
- FY21 Budget = \$250,000
 - one-time FY22 appropriation of \$500,000

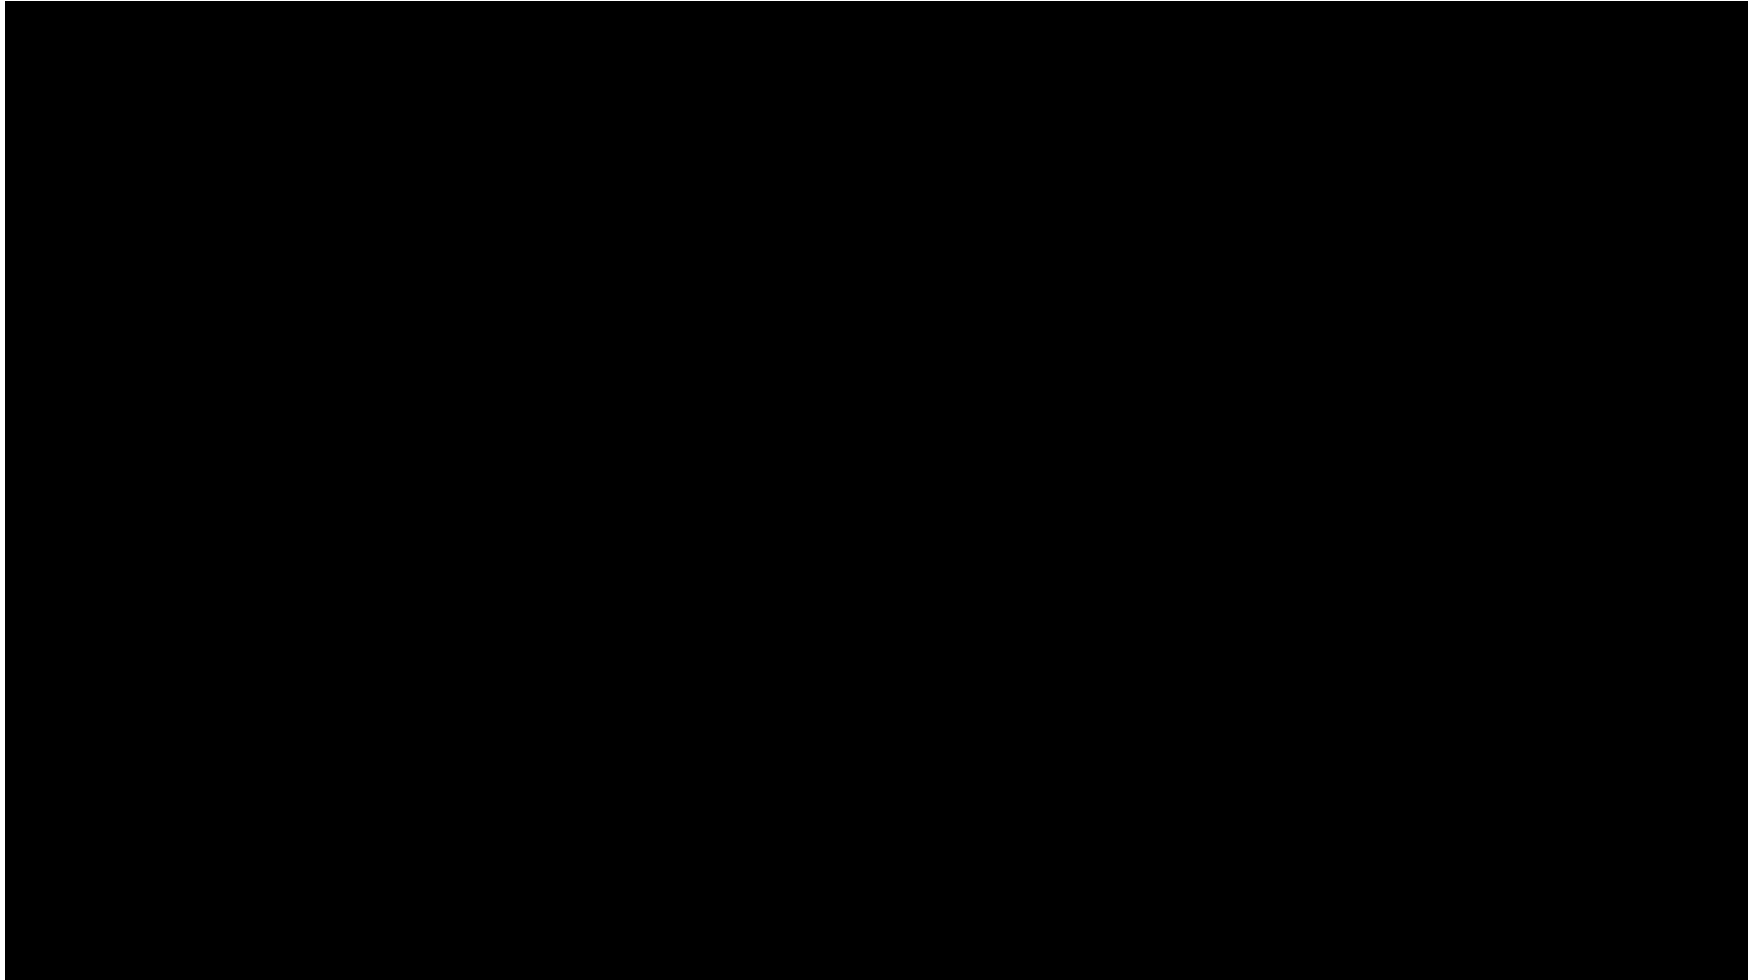

HOT WATER DECONTAMINATION DIP TANK

- First one ever!
- Installed at Stateline Ramp at Lake Powell in early May
- 45 minutes → 5 minutes
- Future-proof decontamination method

A TASTE OF THE FUTURE...

THANK YOU
